## SUMMARY

---

Detail-oriented **Software Tester** with hands-on experience in **Manual Testing, basic Automation Testing, and Web Application QA**. Strong understanding of **SDLC, STLC, Bug Life Cycle, and Agile processes**. Proven ability to write detailed test cases, identify critical defects, and collaborate with developers to ensure high-quality releases. Actively transitioning toward **Automation Testing** with web technologies and test frameworks.

## SKILLS

---

- **Testing & QA:** Manual Testing (Functional, Regression, Smoke, Sanity, UI), Test Case Design & Execution, Bug Reporting, SDLC, STLC, Bug Life Cycle, Agile (Scrum)
- **Automation (Beginner):** Automation Concepts, Core Java, Test Scripts, Locators, Assertions, Selenium fundamentals
- **Tools:** JIRA, MS Excel (Test Cases & Defect Tracking), MS Word, Browser DevTools
- **Web & Database::** HTML, CSS, JavaScript, MySQL, Firebase (Auth & Data Testing)
- **Soft Skills:** Attention to Detail, Analytical Thinking, Communication, Documentation

## PROFESSIONAL EXPERIENCE

---

### STRATOSPHERE IT SERVICES

Delhi NCR

Software Tester (Manual + Automation – Trainee/Junior)

Feb 2026 - Present

As a Software Tester at **Stratosphere**, contributed to improving application quality, release stability, and defect detection efficiency through structured manual testing and early-stage automation support across multiple web modules.

- Improved defect detection rate by **30%** by designing and executing **25+ high-quality test cases** mapped directly to functional requirements and user workflows.
- Reduced production defects by **20%** by performing thorough **Functional, UI, Smoke, Sanity, and Regression Testing** during sprint cycles.
- Logged and tracked **50+ defects** using **JIRA**, maintaining accurate severity, priority, and reproducibility, resulting in faster bug resolution and clearer developer handoffs.
- Accelerated release validation by **25%** by participating in **Agile sprint testing**, re-testing fixes, and supporting regression testing for each release.
- Supported **automation testing initiatives** by assisting in test script execution and maintenance, helping reduce repetitive manual test effort for stable modules.
- Prepared **test summary reports and quality metrics**, enabling stakeholders to make informed go/no-go release decisions.

## PROJECTS

---

### JOB PORTAL WEB APPLICATION | HTML, CSS, JAVASCRIPT, FIREBASE

Jan 2025 - Mar 2025

- Developed and Performed **end-to-end Manual Testing** of a web-based job portal application
- Analyzed **business requirements and functional specifications** to design test coverage
- Created and executed 20+ test cases for:
  - User Registration & Login
  - Job Posting & Job Application workflows
  - Form Validation & Error Handling
- Conducted **Functional Testing, UI Testing, Smoke Testing, Sanity Testing, and Regression Testing**
- Followed **Agile methodology with short test cycles and continuous feedback**

## EDUCATION

---

AMBEDKAR DSEU SHAKARPUR CAMPUS 1, DELHI

New Delhi, India

Bachelor Of Computer Application (BCA) - **9.04 CGPA**

Dec 2022 - June 2025

## CERTIFICATES

---

- **TRAINING AND ADVANCE IT AND PROFESSIONAL SKILLS (Tech Mahindra)**
